

# Minimum age for riding of e-scooters

While the riding of e-scooters has been prohibited on footpaths, they can still be used on cycling paths.

From 1 August 2020, **only those 16 years of age and above can ride an e-scooter on cycling paths**. If the rider is under the age of 16, they will need to be supervised by an adult\* (at least 21 years old).

**Penalties for first offence include up to \$1,000 fine and/or 3 months jail term.**

\* Adults who intend to supervise an individual below the age of 16 to ride an e-scooter must familiarise themselves with the guidelines of a supervisor.
